DRINKS & BAR SNACKS

CASK, KEG

CASK

LONDON PRIDE **£6.20** 4.1%
Amber ale with notes of biscuits & dried fruit.
A brilliantly balanced classic.

ESB **£6.50** 5.5%
Extra Special Bitter. Orange flavours compliment
the bitterness of this dark ale.

DARK STAR HOPHEAD **£6.40** 3.8%
Hoppy and golden with a distinct floral aroma and
mighty elderflower hit from the Cascade hops.

I.P.A OR LAGER?

The prime differences from a lager and an IPA
are their brewing processes and hop profiles.

IPA's use higher aromatic hops than lagers,
giving them a deeper amber hue and more
potency on the palate. Lager's use fewer hops
and are defined by their clean taste which is
generally smoother and crisper.

Lager's are brewed at a cooler temperature
with bottom fermenting yeast, while IPA's
need a warmer temperature and top
fermenting yeast.

Lager's tend to have fruitier notes and a
watery feel whereas an IPA will accentuate a
hoppier flavour with hints of citrus.

The choice is yours and neither will disappoint.

WHAT'S CASK ALE?

Cask ale, or real ale, is beer that has gone through a
secondary fermentation in the vessel from which it is
dispensed. The carbonation occurs naturally from the
fermentation process.

The yeast in cask ale remains alive and active and is
dispensed without the use of extraneous gases. A rich
and complex brew that will always be served fresh.
